DEDICATION TO MR. CHANEY

The 1986-87 Yearbook Staff would like to dedicate this year's edition of the Williamstown Billitonian to Mr. Bobby Chaney.

Mr. Chaney obtained his Bachelor's Degree from Murray State University where he majored in Health and Physical Education and minored in Business and Speech. He also received his M.A. in Education Administration from Murray and completed his Rank 1 at Eastern Kentucky University.

He credits his selection of education to his high school principal saying if given the chance, he'd do everything all over again.

His primary goals here at Williamstown were to bring the school and community closer together while trying to stop the people's taking sides against each other. A later goal was to improve Academics.

"I feel great about the students," says Mr. Chaney, "they are the best students I have seen out of many previous schools I have been at." They are better dressed, better behaved and there is not nearly as much alcohol and drug abuse as Mr. Chaney has seen in other schools.

The Yearbook Staff decided to see how the community felt about Mr. Chaney and his accomplishments. We found that he is highly thought of.

One of the comments made was: "Mr. Chaney is a progressive superintendent, who has the students in mind plus a better education."

Many other comments were: "Mr. Chaney is a great guy, always trying to help and improve our school and community. I appreciate the support he has given the band over the years." "Bobby Chaney has been a great asset to the Williamstown school system. He came here when there was a great deal of controversy and dissension in our school system. He took on a big task and has built one of the finest teaching staffs while making our school one of the best in the state. What is more important is he cares about kids and wants them to have the best education possible."

In conclusion, we have one person quoting on what we think just about says it all.

"It has been both an honor and a privilege to know and work with Bobby Chaney. His knowledge of education and the complicated system which schools deal with is invaluable. Yet his main asset is being a "friend" to everyone. Williamstown has benefitted greatly from his presence."

Custodians and Bus Drivers

The bus drivers for this school year were Connie Link, Willard Fields, and Norma Marksberry.

The custodians, who did a fine job, were Mr. Wolfe and Mrs. Sechrest. Mrs. Skirvin is not shown.

SEVEN HARD-WORKING LADIES

The Yearbook Staff would like to take time to thank all the cafeteria employees for the terrific potato and soup and sandwich bar.

For years now the students here have taken the cafeteria for granted. We always thought that the cafeteria cooks did not care what they gave us just as long as it was food. Well this year we were proven wrong, with the addition of the great potato bar, and soup and sandwich bar!

There are not many schools offering a baked potato (and every topping you can imagine) or soup and sandwich bar offering 3 different sandwiches, plus a fruit cup, dessert, and milk for 80 cents.
